

List of Best Papers of RAM 2020

Group	Paper Title	Presented by
A	Mechanical and Wear Characterization of Epoxy Resin Based Functionally Graded Material for Sustainable Utilization of Stone Industry Waste	Aakash sharma
	An Experimental Study of Influence of Gradient Parameters on Compressive Strength, Stiffness, and Specific Energy Absorption (SEA) of Auxetic Structures Fabricated by FDM	Swapnil Vyavahare
B	Influence of Inter-lamellar Spacing of Pearlite Phase on Spheroidized Annealed Structure	Partha S. Sarkar Bhavesh R Rana Pinkal D. Mistry
	Analysis of compressive strength of 3D printed PLA part	Ashish R. Prajapati
C	Analysis, Modeling and Experimental Study of Stretching Stress in the Design of Pressure Sensor	Shrinkhla Ghildiyal
	Study on compression properties of ABS and FPU parts printed using SLA	Ravi Teja Karumuri
